TESTIMONIAL FOR EFFECTIVE STRATEGY FORMULATION AND DEVELOPMENT AT UGANDA PROTESTANT MEDICAL BUREAU (UPMB) BY SUMMIT CONSULTING LTD

This is to certify that Summit Consulting Ltd was engaged by Uganda Protestant Medical Bureau (UPMB) to facilitate the formulation of six year UPMB strategic plan for the period 2019 – 2024. We are happy to recognize that Summit Consulting Ltd, under the leadership of a hardworking and inspirational gentleman; Mr Mustapha B. Mugisa delivered a satisfactory, and professional job in time.

Summit Consulting Ltd worked closely with our top management team to develop an organic strategy that is easy to execute and implement. The strategy has been rolled out to the entire team, and all our efforts have been aligned in the same direction with clarity of the organization. We have no regrets whatsoever in investing/ contracting Summit Consulting Ltd. Specifically, Summit Consulting facilitated workshops and stakeholder consultations that has created ownership of the strategy, and also stayed to support management in developing work plans and budget.

Summit Consulting Ltd strategy tools and facilitation are exceptional. UPMB management found their approaches very disruptive of what we were accustomed to and helped transform our thinking for the new Agenda. We therefore applaud the professional job done by Summit Consulting Ltd, and have no reservations whatsoever in endorsing them to you for any business engagements.

Should you require any details regarding the work as performed by Summit Consulting Ltd, do not hesitate to get back to us. We shall be happy to share the same.

Yours faithfully;

Dr Tonny Turnwesigye
Executive Director.
